Your Neighbourhood Officer's responsibilities include:

- Working closely with other partner agencies and services such as local councils and the police on issues such as tackling Anti-Social Behaviour, and improving neighbourhood wellbeing.
- Directing towards internal support including options such as grants and the Tenant Support & Wellbeing Service.
- Checking gardens and communal areas are clean, safe and well maintained.
- Ensuring community safety, making sure fire, safety, and health and safety in all communal areas are maintained.

- Helping refer and sign post you to supporting agencies to assist with mental health and wellbeing, help with paying your bills and support to manage your home.
- Dealing with any safeguarding issues for our most vulnerable tenants.
- Carrying out tenancy audits.
- Organise community events, clean up days, and local improvement projects. Build positive relationships with the community to understand concerns, needs and priorities.
